

# Funding Notice

These funding opportunities are compiled from announcements made by various funding agencies, private foundations, and other entities. Archives of these funding opportunities are located online: <http://orsp.louisiana.edu>.

Additional funding opportunities may be found at [www.grants.gov](http://www.grants.gov) and [www.cos.com](http://www.cos.com), where you can customize searches and receive funding alerts directly in your inbox. For additional information about these or other opportunities, or to submit a proposal, contact Alise Hagan or Abby Patterson in the Research Office (482-5811).

**RECOVERY ACT OPPORTUNITIES:** We are continuing to monitor agency websites and use search engines for American Recovery and Reinvestment Act (ARRA) opportunities. All ARRA opportunities are in the section titled "American Recovery and Reinvestment Act" and are preceded with the phrase "RECOVERY ACT". We encourage you to check [www.grants.gov](http://www.grants.gov), [www.cos.com](http://www.cos.com), and agency websites regularly because new ARRA notices are being posted frequently.

## American Recovery and Reinvestment Act (ARRA)

**RECOVERY ACT: DOE: *Geologic Sequestration Training and Research.*** Grant applications from universities, colleges, and college-affiliated research institutions and Historically Black Colleges and Universities and Other Minority Institutions (HBCU/OMI) are sought to provide training opportunities for graduate and undergraduate students that will provide the human capital and skills required for implementing and deploying CCS technologies. Training can be accomplished through fundamental research in the CCS technology area. Fundamental research is needed to advance science in: simulation and risk assessment; monitoring, verification, and accounting; geological related analytical tools; methods to interpret geophysical models; well completion and integrity for long-term CO<sub>2</sub> storage; and CO<sub>2</sub> capture. Due: 8/11/09. Link: <http://www07.grants.gov/search/search.do;jsessionid=ng6jKLnQv3J2HxKM1r9K2ZGwJTqpntGyT87Qzf2myJIQJpYWm5vW!1656926990?opId=48212&mode=VIEW>

**RECOVERY ACT: NSF: *EPSCoR Research Infrastructure Improvement Program: Inter-Campus and Intra-Campus Cyber Connectivity (RII C2).*** Awards made under this program will provide up to \$1 million for up to 2 years to support the enhancement of inter-campus and intra-campus cyber connectivity within an EPSCoR jurisdiction. These awards are intended to enhance broadband access for academic research and the utilization of cyberinfrastructure consistent with the jurisdiction's Science and Technology (S&T) plan. The inter-campus and intra-campus connectivity targeted by these awards is expected to broaden individual and institutional participation in STEM research and education activities within and among jurisdictions and to facilitate synergy among NSF EPSCoR Research Infrastructure Improvement activities. Due: 11/2/09. Link: [http://www.nsf.gov/pubs/2009/nsf09569/nsf09569.htm?govDel=USNSF\\_25](http://www.nsf.gov/pubs/2009/nsf09569/nsf09569.htm?govDel=USNSF_25)

## Arts and Humanities

**American Catholic History Research Center & University Archives: *Dorothy Mohler Research Grants.*** The Dorothy Mohler Research Grants help defray research and travel costs for those using the collections at the American Catholic History Research Center and University Archives at The Catholic University of America (ACUA). Due: 10/30/09. Link: <http://libraries.cua.edu/achrcua/Mohler.html>

**Harvard Divinity School: *Women's Studies in Religion Research Associate and Visiting Faculty Program.*** The sponsor announces five full-time positions for 2010-11 in its Women's Studies in Religion Program. The Program supports significant Women's Studies research projects on topics related to the history and function of gender in religious traditions, the institutionalization of gender roles in religious communities, and the interaction between religion and the personal, social, and cultural situations of women. Appropriate topics include feminist theology, biblical studies, ethics, women's history, as well as interdisciplinary scholarship on women in world religions. Due: 10/15/09. Link: <http://www.hds.harvard.edu/wsrp/appform/application.htm>

## Arts and Humanities (continued)

**Hawk (Tony) Foundation: *Grants Program*.** The sponsor provides funding to encourage and facilitate the design, development, construction, and operation of new quality skateboard parks and facilities, located in low-income communities in the United States. Grants range from \$1,000 to \$25,000. Due: 10/1/09. Link: [http://www.tonyhawkfoundation.org/grant\\_application.asp](http://www.tonyhawkfoundation.org/grant_application.asp)

**James (Alice) Books: *Beatrice Hawley Award*.** The sponsor provides support for emerging as well as established poets for the best poetry manuscript. Due: 12/1/09. Link: <http://www.alicejamesbooks.org/BH.html>

**Lowell (Amy) Trust Fund: *Poetry Traveling Scholarship*.** The sponsor provides support for gifted American-born poets to travel abroad. Due: 10/15/09. Link: <http://www.amylowell.org/instructions.htm>

**Louisville Institute: *Project Grants for Researchers*.** The sponsor offers the Project Grants for Researchers Program in support of research, reflection, and writing by academics and pastors that can contribute to the life of the churches in North America. Due: 10/1/09. Link: <http://www.louisville-institute.org/Grants/programs/pgfrdetail.aspx>

**Louisville Institute: *Sabbatical Grants for Researchers*.** The sponsor offers this grant program in support of scholarly research by academics and pastors that can enrich the life of the churches in North America. Due: 11/01/09. Link: <http://www.louisville-institute.org/Grants/programs/sqfrdetail.aspx>

**Ohio University Press: *Hollis Summers Poetry Prize*.** This competition invites writers to submit unpublished collections of original poems. Due: 10/31/09. Link: [http://www.ohioswallow.com/poetry\\_prize](http://www.ohioswallow.com/poetry_prize)

**Pro Artibus Foundation: *International Competition*.** The Pro Artibus foundation, in association with the Schjerfbeck society in Eken's and City of Raseborg are, in an open competition, commissioning an artwork of permanent character to commemorate the time that visual artist Helene Schjerfbeck lived and worked in Eken's. Due: 1/15/10. Link: <http://www.proartibus.fi>

## Education, Social Science, & Service

**Dept. of Agriculture/Economic Research Services: *Request for Applications for Competitive Grant Awards to Establish RIDGE Centers for Food and Nutrition Assistance Research*.** The sponsor provides support to administer the Research Innovation and Development Grants in Economics (RIDGE) Program. The competition (1) provides renewed focus on economic aspects of food and nutrition assistance research, (2) stimulates new and innovative research on domestic food and nutrition assistance issues, (3) further broadens the network of social scientists who collaborate in expanding the understanding of the economic, nutrition, and health outcomes of participation in USDA's food assistance programs as well as the issues surrounding program implementation and delivery, and (4) achieves cost savings through consolidation of RIDGE Centers from the previous five institutions to two institutions. Due: 9/1/09 (optional letters of intent); 9/15/09 (Proposals). Link: <http://www07.grants.gov/search/search.do;jsessionid=1BCMkBBfyGsYzQZpzgyJqVcvK2pm5dLx9g6RTysrxvpMnMd3FWHw!-723925807?oppld=48289&mode=VIEW>

**Dept. of Education/Office of Special Education & Rehabilitative Services: *Technology and Media Services for Individuals With Disabilities--Technology Implementation Center*.** The sponsor provides support for the program to (1) Improve results for children with disabilities by promoting the development, demonstration, and use of technology; (2) support educational media activities designed to be of educational value to children with disabilities; (3) provide support for captioning and video description of educational materials that are appropriate for use in the classroom setting. Due: 8/10/09. Link: <http://www.grants.gov/search/search.do;jsessionid=Qr5ZKX2HC0rdGKL2pQGjPkTGWcQpd40RHnTZC5M0Gz5KhjnRCXV9!1656926990?oppld=48386&mode=VIEW>

## Education, Social Science, & Service (continued)

**Association for Social Economics: *William R. Waters Research Grant*.** The sponsor provides support designed to inspire economists to organize their research in social economics and the social economy along the lines suggested by William Waters in his presidential address to the Association for Social Economics. Due: 11/1/09. Link: [http://www.socialeconomics.org/downloads/William\\_Grant.pdf](http://www.socialeconomics.org/downloads/William_Grant.pdf)

**Dept. of Education/Office of Special Education & Rehabilitative Services: *Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities--Regional Resource Centers*.** The sponsor provides support to promote academic achievement and to improve results for children with disabilities by providing technical assistance (TA), supporting model demonstration projects, disseminating useful information, and implementing activities that are supported by scientifically based research. Due: 8/10/09. Link: <http://www.grants.gov/search/search.do;jsessionid=Qr5ZKX2HC0rdGKL2pQGjPkTGWCqpd40RHnTZC5M0Gz5KhnRCXV91!656926990?oppld=48387&mode=VIEW>

**Dept. of Education/Office of Special Education & Rehabilitative Services: *Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities--Model Demonstration Projects on Tiered Approaches for Improving the Writing Proficiency of High School Students*.** The sponsor invites applications Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities program, which is designed to promote academic achievement and to improve results for children with disabilities by providing technical assistance (TA), supporting model demonstration projects, disseminating useful information, and implementing activities that are supported by scientifically based research. Due: 8/12/09. Link: <http://www.grants.gov/search/search.do;jsessionid=JhVVKbjN34XtrCk45H819kwyK1KfdhLMZJVJflfypDRZX5yD8y3X!-723925807?oppld=48401&mode=VIEW>

**National Highway Traffic Safety Administration: *National Assessment of Emergency Medical Service Systems*.** The project will provide a national assessment of emergency medical services, EMS emergency preparedness, and 9-1-1 communications, partially fulfilling statutory requirements under SAFETEA-LU. The contractor shall conduct a preliminary assessment of the state of the nation's EMS systems using currently available data and shall identify key areas for which existing EMS data are insufficient for a meaningful analysis. The contractor shall prepare a final report summarizing the results of the assessment, gap analysis and recommendations for ongoing EMS assessment. Due: 8/17/09. Link: <https://www.fbo.gov/spg/DOT/NHTSA/NHTSAHQ/DTNH22-09-R-00278/listing.html>

**Sage (Russell) Foundation: *Project Awards*.** Grants with a range between \$35,000 and \$500,000 support scholars for research projects in the basic social sciences. Due: 8/15/09. Link: <http://www.russellsage.org/about/whatwedo/howtoapply/awards/>

**Spencer Foundation: *Research Grants*.** The sponsor provides funding for research projects that study education in the United States and abroad. Due: Anytime for proposal over \$40,000; 10/2/09, 12/4/09 for proposals under \$40,000. Link: <http://www.spencer.org/content.cfm/budgets-40000-or-less>

## Science, Technology, Engineering, and Mathematics

**Air Force Office of Scientific Research: *Defense University Research Instrumentation Program (DURIP)*.** The Air Force Office of Scientific Research provides support to improve the capabilities of U.S. universities to conduct research and to educate scientists and engineers in areas important to national defense by providing funds for the acquisition of research equipment between \$50,000 and \$1,000,000. Eligible applicants are U.S. institutions of higher education with degree granting programs in science, math, and/or engineering. Due: 9/15/09. Link: <http://www07.grants.gov/search/search.do;jsessionid=pB2yKpLT206XVjWS6Hq2G8kMyxQj5CrHbFxfvFXGzqY6CxWyhGLBX!-723925807?oppld=48438&mode=VIEW>

## STEM (continued)

**Dept. of the Army: JP8 Fuel Cell Auxiliary Power Unit (APU) System.** Under this topic, the Government invites proposals to develop a fuel cell based auxiliary powerunit (APU) that operates off 100% JP-8 Army logistic fuel (MIL-STD-83133F2); no blended fuels. The system developed shall include a DC/DC converter whose output is connected to the vehicle DC bus, to which the vehicle battery and alternator are also connected. The system must be water neutral; meaning all water requirements for the system (if any) must be met by internal water recovery with no external sources. The system must meet the specifications in identified in the topic itself and be at Technology Readiness Level (TRL) 5 by program end. Due: 9/10/09. Link:

[https://www.fbo.gov/index?s=opportunity&mode=form&id=d59318da37df25d0d23e42aa81174fc0&tab=core&\\_cvview=0](https://www.fbo.gov/index?s=opportunity&mode=form&id=d59318da37df25d0d23e42aa81174fc0&tab=core&_cvview=0)

**Dept. of the Army: Psychological Health and Traumatic Brain Injury (PH/TBI) Research Program--Investigator-Initiated Award.** The sponsor seeks to promote research that will advance the prevention, detection, diagnosis, and treatment of military-relevant PH issues and TBI. Funding will be focused on innovative projects that have the potential to make a significant near-term impact on improving the function, wellness, and overall quality of life for warriors, Veterans, families, caregivers and communities. It is anticipated that approximately \$40.6M will be available to support PH/TBI research in FY09. The Government reserves the right to increase or decrease the PH/TBI funding of \$40.6M to execute the program. Due: 8/14/09 (preproposal); 10/28/09 (invited proposal). Link:

<http://www07.grants.gov/search/search.do?sessionid=92NVKcNhZpqFG6LdP2hrdZY7Y9kxB2T2QkLhptQlfpVDpMrgVT2vI-723925807?oppld=48395&mode=VIEW>

**Dept. of Commerce/NOAA: Northeast Fisheries Research.** NOAA, National Marine Fisheries Service (NMFS), is soliciting cooperative research proposals that address research topics relative to Northeast fisheries. These topics are: 1) Industry based fishery independent fixed gear surveys that will assist in filling data gaps; 2) Enhanced stock monitoring supporting the management transition to Allowable Catch Limits and sectors; and 3) Expanded conservation engineering studies with an emphasis on by-catch reduction and industry assistance in adopting new technology. Due: 8/3/09. Link:

[https://www.fbo.gov/?s=opportunity&mode=form&id=7574aa999e03f19ba6dac9e862f59543&tab=core&\\_cvview=0](https://www.fbo.gov/?s=opportunity&mode=form&id=7574aa999e03f19ba6dac9e862f59543&tab=core&_cvview=0)

**Dept. of Energy/National Nuclear Security Administration Service Center: Nonproliferation Research and Development for Proliferation Detection.** The sponsor is inviting applications for basic and applied research that will result in new technologies that advance National means to detect and monitor foreign nuclear weapons proliferation. Due: 8/25/09.

Link: <http://www07.grants.gov/search/search.do?oppld=47838&mode=VIEW>

**Dept. Health & Human Services/NIH: Research Project Grant (Parent R01).** The Research Project Grant (R01) is an award to support a discrete, specified, circumscribed project to be performed by named Project Directors/Principal Investigators (PDs/PIs) in areas representing the investigators' specific interests and competencies, based on the mission of the NIH, to support health-related research and development. Due: 2/5, 6/5, 10/5 (annually). 1/7, 5/7, 9/7 (annually for AIDS-related applications). Link: <http://grants1.nih.gov/grants/guide/pa-files/PA-07-070.html>

**Dept. of Health & Human Services/NIH: NIH Small Research Grant Program (Parent R03).** The NIH Investigator-Initiated Small Grant (R03) funding opportunity supports small research projects that can be carried out in a short period of time with limited resources. Investigator-initiated research, also known as unsolicited research, is research funded as a result of an investigator submitting a research grant application to NIH in an investigator's area of interest and competency. The R03 grant mechanism supports different types of projects including pilot and feasibility studies; secondary analysis of existing data; small, self-contained research projects; development of research methodology; and development of new research technology. Due: 2/16, 6/16, 10/16 (annually for standard applications); 1/7, 5/7, 9/7 (annually for AIDS-related applications). Link: <http://grants.nih.gov/grants/guide/pa-files/PA-09-163.html>

## STEM (continued)

**Dept. of Health & Human Services/NIH: NIH Exploratory/Developmental Research Grant Program (Parent R21).** The Exploratory/Developmental Grant (R21) mechanism is intended to encourage exploratory and developmental research projects by providing support for the early and conceptual stages of these projects. These studies may involve considerable risk but may lead to a breakthrough in a particular area, or to the development of novel techniques, agents, methodologies, models, or applications that could have a major impact on a field of biomedical, behavioral, or clinical research. Due: 2/16, 6/16, 10/16 (annually for standard applications); 1/7, 5/7, 9/7 (annually for AIDS-related applications). Link: <http://grants1.nih.gov/grants/guide/pa-files/PA-09-164.html>

**Dept. Health & Human Services/NIH/National Institute of Allergy and Infectious Diseases: Investigations on Primary Immunodeficiency Diseases (R01).** The sponsors provide support for innovative investigations in primary immunodeficiency diseases with a focus on ex vivo studies with human specimens and on studies with existing or new animal models. This FOA will also support novel clinical strategies, not including clinical trials, to detect primary immunodeficiency diseases, to identify the molecular basis of these diseases, and to develop innovative therapies for primary immunodeficiency diseases. Investigators who have no prior history of receiving independent NIH funding in this field are encouraged to apply. Due: 10/5, 2/5, 6/5 (annually). Link: <http://grants1.nih.gov/grants/guide/pa-files/PAR-08-206.html>

**Dept. of the Interior/U.S. Fish & Wildlife Service: North American Wetlands Conservation Council Standard Grants.** Support is provided for the acquisition, restoration, and enhancement of North American wetland ecosystems and wetlands-dependent fish and wildlife. Grant requests should not exceed \$1.0 million. A one-to-one match of funds is required. Due: 7/31/09. Link: <http://www.fws.gov/birdhabitat/Grants/NAWCA/Standard/index.shtm>

**Dept. of the Interior/U.S. Fish & Wildlife Service: North American Wetlands Conservation Act--Small Grants Program.** The U.S. Small Grants Program is a competitive, matching grants program that supports public-private partnerships carrying out projects in the United States that further the goals of the North American Wetlands Conservation Act. These projects must involve long-term protection, restoration, enhancement and/or establishment of wetlands and associated uplands habitats for the benefit of all wetlands-associated migratory birds. Due: 10/29/09. Link: <http://www.fws.gov/birdhabitat/Grants/NAWCA/Small/index.shtm>

**Dept. of Interior/U.S. Fish & Wildlife Service: National Fish Habitat Action Plan.** The National Fish Habitat Action Plan is a national investment strategy to leverage federal and privately raised funds to protect, restore and enhance the nation's fish and aquatic communities through partnerships that foster fish habitat conservation. Funds appropriated to the U.S. Fish & Wildlife Service's Fisheries Program specifically to implement the Action Plan will be utilized in collaboration with the National Fish Habitat Board and Fish Habitat Partnerships. Due: Ongoing. Link: <http://www07.grants.gov/search/search.do;jsessionid=5TC6KddbVMMMQT1PyKySgbQ02JpZj3C7NthPjyMyK8K4DZvNSmJv!-723925807?oppld=48460&mode=VIEW>

**Dept. of Interior/Bureau of Reclamation: Collaborative Program: Rio Grande Silvery Minnow Spawning Behavior Relative to Year-Old-Young Recruitment.** The Middle Rio Grande Endangered Species Collaborative Program through the Bureau of Reclamation has a requirement to study the spawning behavior –river channel or floodplain spawner - in relation to year-old-young recruitment of the Rio Grande Silvery Minnow. Due: 8/11/09. Link: [https://www.fbo.gov/?s=opportunity&mode=form&id=7b85e6cf666eeced33f5a01f010b414c&tab=core&\\_cview=0](https://www.fbo.gov/?s=opportunity&mode=form&id=7b85e6cf666eeced33f5a01f010b414c&tab=core&_cview=0)

**Health Effects Institute: Health Effects of Air Pollution.** The sponsor provides support for research on the health effects of air pollution. The total funds available are \$300,000 per year for all studies funded this year through the preliminary application process combined. Due: 9/28/09. Link: <http://www.healtheffects.org/RFA/RFA2008.htm>

## STEM (continued)

**NSF/Directorate for Computer and Information Sciences and Engineering: *CreativeIT Program*.** The CreativeIT Program solicits proposals for projects that explore synergistic cross disciplinary research in creativity and computer science and information technology. Due: 10/13/09. Link: <http://www.nsf.gov/pubs/2009/nsf09572/nsf09572.htm>

**NSF/Directorate for Mathematics and Physical Sciences: *Chemical Catalysis*.** The Chemical Catalysis Program supports fundamental experimental and theoretical research directed towards the synthesis and characterization of catalysts and pre-catalysts. Due: 7/31/09; 11/30/09.

Link: <http://www07.grants.gov/search/search.do?oppld=48430&mode=VIEW>

**NSF/Directorate for Mathematics and Physical Sciences: *Chemical Synthesis*.** The Chemical Synthesis program focuses on the development of new, efficient synthetic methodologies and on the synthesis of complex molecules and molecular ensembles. Due: 7/31/09; 11/30/09. Link: <http://www07.grants.gov/search/search.do?oppld=48428&mode=VIEW>

**NSF/Directorate for Mathematics and Physical Sciences: *Theory, Models and Computational Methods (TMCM)*.** The Theory, Models and Computational Methods program supports the discovery and development of theoretical and computational methods to address a range of chemical challenges, with emphasis on emerging areas of chemical research. Due: 7/31/09; 11/30/09. Link: <http://www07.grants.gov/search/search.do?oppld=48429&mode=VIEW>

**NSF/Directorate for Engineering: *Biosensing*.** The Biosensing Program supports innovative, transformative, and insightful investigations of fundamental problems with broad long term impact and applications that require novel use of bio-inspired engineering principles and sophisticated devices to meet the engineering and technology needs of the nation. The program is targeting research in the area of the monitoring, identification, and/or quantification of biological phenomena and will support potential technological breakthroughs that exist at the intersection of engineering, life science, and information technology. Due: 9/17/09; 3/3/10.

Link: [http://www.nsf.gov/funding/pgm\\_summ.jsp?pims\\_id=503353&org=NSF&sel\\_org=NSF&from=fund](http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503353&org=NSF&sel_org=NSF&from=fund)

**NSF/Directorate for Geosciences: *Climate Process and Modeling Teams*.** The key aim of the Climate Process Modeling Team (CPT) concept is to speed development of global coupled climate models and reduce uncertainties in climate models by bringing together theoreticians, field observationalists, process modelers and the large modeling centers to concentrate on the scientific problems facing climate models today. Due: 9/24/09.

Link: <http://www07.grants.gov/search/search.do?oppld=48423&mode=VIEW>

**NSF: *EPSCoR Research Infrastructure Improvement Program: Inter-Campus and Intra-Campus Cyber Connectivity (RII C2)*.** The Experimental Program to Stimulate Competitive Research (EPSCoR) is a program designed to fulfill the sponsor's mandate to promote scientific progress nationwide. Through this program, the sponsor establishes partnerships with government, higher education and industry that are designed to effect lasting improvements in a state's or region's research infrastructure, R&D capacity and hence, its national R&D competitiveness. Due: 11/2/09.

Link: <http://www07.grants.gov/search/search.do?oppld=48431&mode=VIEW>

**NSF: *EPSCoR Research Infrastructure Improvement Grant Program: Track One*.** Track-1 (RII Track-1) awards provide up to \$4 million per year for up to 5 years to support physical, human, and cyber infrastructure improvements in research areas selected by the jurisdiction's EPSCoR governing committee as having the best potential to improve future R&D competitiveness of the jurisdiction. Due: 10/19/09.

Link: <http://www07.grants.gov/search/search.do?oppld=48432&mode=VIEW>

**NSF/Directorate for Mathematics and Physical Sciences: *Chemical Measurement and Imaging (CMI)*.** The Chemical Measurement and Imaging Program supports research focusing on chemically-relevant measurement science and imaging, targeting both improved understanding of new and existing methods and development of innovative approaches and instruments. Due: 7/31/09; 11/30/09. Link: <http://www07.grants.gov/search/search.do?oppld=48468&mode=VIEW>

## STEM (continued)

### **NSF/Directorate for Mathematics and Physical Sciences: *Chemical Structure, Dynamics and Mechanisms (CSDM)*.**

The Chemical Structure, Dynamics, and Mechanisms Program supports basic, transformative experimental and theoretical research directed toward elucidating electronic and molecular structure, structure-activity relationships, dynamic interactions at the molecular level and chemical reaction mechanisms. Due: 7/31/09; 11/30/09.

Link: <http://www07.grants.gov/search/search.do?oppld=48467&mode=VIEW>

### **NSF/Directorate for Mathematics and Physical Sciences: *Environmental Chemical Sciences (ECS)*.** The

Environmental Chemical Sciences (ECS) Program supports basic research in chemistry that promotes the understanding of natural and anthropogenic chemical processes in our environment. Due: 7/31/09; 11/30/09.

Link: <http://www07.grants.gov/search/search.do?oppld=48465&mode=VIEW>

### **NSF/Directorate for Mathematics and Physical Sciences: *Chemistry of Life Processes (CLP)*.** The Chemistry of Life

Processes program deals with the investigation of novel chemistry in biological systems and the advancement of basic chemical research and transformative technologies through creative applications that address important aspects of life processes. Due: 7/31/09; 11/30/09.

Link: [http://www.nsf.gov/funding/pgm\\_summ.jsp?pims\\_id=503417&org=NSF&sel\\_org=NSF&from=fund](http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503417&org=NSF&sel_org=NSF&from=fund)

### **NSF/Directorate for Mathematics and Physical Sciences: *Macromolecular, Supramolecular and Nanochemistry (MSN)*.** The

Macromolecular, Supramolecular and Nanochemistry (MSN) Program focuses on basic research in chemistry that addresses interactions leading to the assembly of macromolecular, supramolecular and nanoscopic species and other organized structures that show unique chemical and physical properties and reactivities. Due: 7/31/09; 11/30/09.

Link: <http://www07.grants.gov/search/search.do?oppld=48466&mode=VIEW>

## Awards and Fellowships (Faculty & Post-docs)

**American Ceramic Society: *John Jeppson Award*.** John Jeppson Award is to recognize distinguished scientific, technical, or engineering achievements in ceramics. Due: 1/15/10. Link: <http://ceramics.org/acers-community/award-winners-resources/>

**Cheiron: *The International Society for the History of Behavioral and Social Sciences: Cheiron Book Prize*.** The sponsor will award the Cheiron Book Prize biennially for an outstanding monograph in the history of the social/ behavioral/ human sciences. Due: 9/30/09. Link: <http://people.stu.ca/~cheiron/bookprize/>

**David (Dan) Foundation: *Dan David Prize*.** Three prizes of \$1 million each are granted annually in the fields chosen for the three time dimensions.
